PROFESSIONAL SUMMARY

Performance-driven Frontend Developer with 3+ years of experience in building scalable, responsive web applications using React.js and TypeScript. Proven track record in developing reusable UI component libraries, optimizing application performance by 30%, and integrating complex RESTful services. Highly collaborative professional with expertise in modern state management (Redux Toolkit) and a growing focus on Next.js and Cloud infrastructure. Dedicated to writing clean, maintainable code and delivering exceptional user experiences.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Redux Toolkit, Next.js, Tailwind CSS, Material UI, Styled Components

Testing & Tools: Jest, React Testing Library, Git, Docker, Postman, Jira, CI/CD Basics

Backend & Database: Node.js, Express.js, MongoDB, PostgreSQL, GraphQL (Familiarity)

Cloud: AWS (Basic), Vercel

WORK EXPERIENCE

Frontend Developer

June 2023 – Present

Innovate Tech Pvt Ltd | Bengaluru, India

- Led the development of high-traffic React-based applications serving 10,000+ monthly active users, ensuring 99.9% uptime.
- Architected and implemented a reusable UI component library using React and Tailwind CSS, reducing development time for new features by 25% across the engineering team.
- Optimized data-fetching strategies and front-end architecture, resulting in a 30% improvement in page load speeds and overall performance.
- Collaborated closely with designers and backend engineers to translate Figma mockups into pixel-perfect, accessible code.
- Pioneered the adoption of Jest and React Testing Library for unit testing, improving code coverage and reducing production bugs.
- Participated in code reviews and mentored junior developers on frontend best practices and TypeScript implementation.

Junior Frontend Developer

January 2022 – May 2023

CodeCraft Solutions | Bengaluru, India

- Developed responsive and cross-browser compatible user interfaces for client-facing web applications using React.js.

- Assisted in the strategic migration of legacy jQuery/JavaScript modules to modern React functional component enhancing maintainability.
- Resolved 100+ UI/UX bugs and improved accessibility (A11y) standards across primary product lines.
- Actively contributed to Agile ceremonies, including sprint planning, daily stand-ups, and retrospectives.

KEY PROJECTS

E-Commerce Admin Dashboard

React, Redux Toolkit, TypeScript, Material UI

Developed a comprehensive management system featuring role-based access control (RBAC), real-time inventory tracking, and complex data visualization for sales analytics. Focused on optimizing heavy data tables for performance.

Task Management Platform

React, Node.js, MongoDB, Socket.io

Built a full-stack productivity tool with drag-and-drop functionality and real-time updates. Implemented secure JWT authentication and optimized MongoDB queries for fast task retrieval.

EDUCATION

Bachelor of Technology in Computer Science

2018 – 2022

Visvesvaraya Technological University | Karnataka, India

CERTIFICATIONS

- **React Developer Certification** - Meta/Coursera
- **AWS Certified Cloud Practitioner** (Training in progress)
- **JavaScript Algorithms and Data Structures** - freeCodeCamp
