PROFESSIONAL SUMMARY

Dynamic Frontend Developer with 3 years of experience specializing in building scalable, high-performance web applications using React.js and TypeScript. Expert in developing reusable UI component libraries and design systems that streamline development. Proven ability to optimize application speed by 30% and lead integration of complex RESTful APIs. Adept at collaborating in Agile environments to deliver user-centric solutions. Currently expanding expertise in Next.js and Cloud infrastructures to drive full-stack excellence.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Backend & DB: Node.js, Express, MongoDB, PostgreSQL, GraphQL (Familiarity)

Testing: Jest, React Testing Library

Frontend: React.js, Next.js, Redux Toolkit, Tailwind CSS, Material UI

Tools & DevOps: Git, Docker, Postman, Vercel, CI/CD, AWS (Basic)

Methodologies: Agile, Scrum, UI/UX Responsive Design

PROFESSIONAL EXPERIENCE

Frontend Developer

June 2023 – Present

Innovate Tech Pvt Ltd

- Architected and maintained React-based applications for 10k+ monthly users, ensuring high availability and seamless UX.
- Designed and implemented a modular UI component library using React and TypeScript, reducing development turnaround time by 25%.
- Optimized data-fetching logic and frontend state management (Redux Toolkit), resulting in a 30% improvement in load times.
- Collaborated with backend teams to define API contracts and integrated RESTful services for complex data visualization modules.
- Mentored junior developers on best practices for clean code, state management, and accessibility.
- Engineered comprehensive unit tests using Jest and React Testing Library to ensure 85%+ code coverage.

Junior Frontend Developer

January 2022 – May 2023

CodeCraft Solutions

- Developed responsive, pixel-perfect user interfaces using React.js and CSS3/Tailwind, ensuring cross-browser compatibility.
- Assisted in the successful migration of legacy JavaScript modules to modern React functional components.
- Identified and resolved critical UI bugs, improving overall application stability and accessibility (WCAG compliance).
- Actively participated in daily stand-ups and sprint planning sessions within an Agile development lifecycle.

KEY PROJECTS

E-Commerce Enterprise Dashboard

React, Redux Toolkit, TypeScript, Material UI

- Built a comprehensive admin panel for inventory and user management with role-based access control (RBAC).
- Integrated real-time analytics charts and improved page rendering performance using React.memo and code-splitting.

Task Management Full-Stack Platform

React, Node.js, MongoDB, Socket.io

- Developed a collaborative workspace featuring drag-and-drop task organization and real-time status updates via WebSockets.
- Implemented secure JWT-based authentication and cloud-based file attachments.

EDUCATION

Bachelor of Technology in Computer Science

Visvesvaraya Technological University | 2018 – 2022

CERTIFICATIONS

- **React Developer Certification** (Advanced State Management & Hooks)
- **JavaScript Algorithms and Data Structures** (FreeCodeCamp)
- **AWS Cloud Practitioner** (In-progress Training)
